safety directions

Please study the instruction manual carefully before installing or using this product. Keep this user manual for further reference / two persons needed for installation.

1. The luminaires may only be installed by authorized and qual ed technicians according valid regulations for electrical istallation.
2. Maintenance of the luminaires is limited to their surfaces. During maintenance no moisture can come into contact with any areas of the terminal connections or voltage control parts.
3. Take account of the minimal separation distance from other objects and the room required around the fitting.
4. If in any doubt, consult a professional, taking local installation requirements into account. Some countries stipulate that lighting may be installed only by registered installers.
5. When replacing a lamp, wait for it to cool, for a minimum of 5 minutes.
6. Clean with a clean, dry cloth or brush, use no solvents or abrasives. Avoid dampness on all electrical components.
7. Take account of all available technical information.
8. If the external exible cable or cord of this luminaire is damaged, it shall be exclusively replaced by the manufaturer or his service agent or a similar qual ed person in order to avoid a hazard.
